

CAROLYN SNYDER, Ph.D.

snyder.carolyn@epa.gov (202) 343-9616

CURRENT POSITION

Director, Climate Protection Partnerships Division, Environmental Protection Agency, 2016 – present

- Lead diverse policy initiatives and programs focused on removing market barriers for energy efficiency and renewable energy and reducing greenhouse gas emissions
- The Division's programs include the EPA's flagship partnership program, ENERGY STAR, the Green Power Partnership, the Combined Heat and Power Partnership, the Center for Corporate Climate Leadership, and the State and Local Climate Energy Program

PREVIOUS EXPERIENCE

Consultant, McKinsey & Company, 2013-15

- Supported public and private clients on strategy, organization design, and change management

Advisor, Director's Office, U.S. Office of Management and Budget (OMB), 2012-13

- Supported interagency initiatives of the Deputy Director for Management and the Chief Performance Officer, including the development of a Presidential Memorandum

Director, Division of Energy & Climate, Delaware Department of Natural Resources and Environmental Control, 2010-12

- Built and directed a new Division of 30 staff and managed over \$70 million in programs
- Led the development and implementation of innovative energy policies and chaired Delaware's Renewable Energy Taskforce and Energy Efficiency Resource Standard Workgroup
- Designed and led Delaware's first statewide climate impacts and vulnerability assessment

EDUCATION

Stanford University, Ph.D. in Environment and Resources, 2010

- Climate science: Analyzed the Earth's history to better understand how the global climate has responded in the past to large changes to the atmosphere over the past million years
- Risk Assessment: Estimated the impact of climate change on extreme events in California
- Energy policy: Analyzed the legal and economic implications of energy policies

University of Cambridge, M.Phil. in Quaternary Science, *Distinction*, 2005
